Bellevue Hub Code of Conduct

- Keep it clean!
 - When in doubt, throw it out (in the trash)!
- Need something?
 - Ask a Community Manager or GitHub Employee!
- See questionable behavior?
 - Please notify a Community Manager or GitHub Employee!
 - e.g. Attendees wandering into restricted areas

GitHub Student Developer Pack

- Become a Verified Student to get your free Student Developer Pack.
- Get Free GitHub Pro, GitHub Copilot, Azure credits, and more!

<https://education.github.com/pack>

Recent Copilot News from GitHub

- Want better AI outputs? Try context engineering
- Building an agentic memory system for GitHub Copilot
- GitHub Copilot CLI: Enhanced agents, context management, and new ways to install
- Copilot SDK in technical preview
- LinkedIn: GitHub's Internal AI Adoption Playbook & <https://github.com/github/ai-adoption-playbook>

GitHub Monthly Enterprise Roundup (MER)

GitHub is shipping new features, product updates, and best practices faster than ever. To help you stay ahead, our Enterprise Advocacy team curates a monthly roundup — bringing you a concise, enterprise-focused summary of the most important updates you might have missed.

In these posts, you'll find a carefully selected list of key innovations, expert insights, and must-know resources—guided by feedback from GitHub's largest customers—to help your team innovate faster, boost productivity and enhance security.

Share with your teams and stakeholders so they can also get the most out of their GitHub experience.

Follow **GitHub Enterprise** on **LinkedIn** to be notified of each new post.
